**Upcoming Events:**

- Apr 3 – Watonwan 1W1P Advisory Committee Meeting, St. James, MN
- Apr 10 – Filter Strip Training, New Ulm, MN

**Working on:**

- *Training:* I recently attended a WASCOD training in Marshall; this training session covered how to use various WASCOD design programs such as EFT (Engineering Field Tool), and the WASCOD design spreadsheet for the design of Water and Sediment Control Basins. In addition, I plan on attending a filter strip training strip training April 10<sup>th</sup> in New Ulm.
- *GBERBA Cover Crop Cost Share:* In Cottonwood County we are planning on soon sending out post-cards informing landowners of the GBERBA cover crop cost-share for the Watonwan Watershed. Last August we sent out a mass mailing to landowners and had a few interested landowners respond. It is our hope that this year we have even more interest from Cottonwood County landowners. The GBERBA cover crop cost-share is a great opportunity for farmers and landowners who are new to cover crops to try it out for the first time.
- *Watonwan River One Watershed, One Plan:* The first Advisory Committee Meeting for the Watonwan 1W1P was held March 6<sup>th</sup> in St. James. The first meeting was an introductory meeting; Houston Engineering presented to the Advisory Committee members the details of 1W1P and the 1W1P process, and the duties of the Advisory Committee. The first meeting was a great opportunity for citizens on the Committee to ask Houston Engineering and state and local agency staff any questions they have regarding 1W1P and the Committee. The plan going forward for the Advisory Committee is to hold meetings once a month on the first Wednesday of the month. The next Advisory Committee meeting is tentatively scheduled for April 3<sup>rd</sup>.
