South Central MN has **nine new certifications** over the past year. **Eight new applications since October 2019.**

Common practices being used to gain certification include: **Alternative Tile Intake, Nutrient Management, Strip-Till/No-Till, Reduced-Till, Water & Sediment Control Basin, Cover Crop, Grassed Waterway**

Producers continue to use the MDA \$5,000 grant to install conservation practices that will address water quality concerns and help them gain certification.

MAWQCP is beginning to offer **three new endorsements** in addition to certification. Endorsements will recognize producers who are going above and beyond in the areas of **soil health, integrated pest management, and wildlife.**

The **Regional Conservation Partnership Program** with NRCS has been renewed for another **five years and nine million dollars**. This program offers a pot of EQIP money that producers can use to install conservation practices to help them become certified. Only certified producers, or those seeking certification have access to these funds.

YEAR END REPORT - 2019

By the Numbers:

- Received **25** Applications
- Completed **26** whole farm assessments
- Working with **11** producers to recommend resolutions to become certified
- Certified **19** producers

A note from Danielle

Overall these numbers are lower than I would have liked to see. The first two years of the program it seemed easier to reach producers who were already engaged in conservation. The past year has been more of a challenge trying to be more creative in my outreach and program promotion.

2019 Projects and Program Highlights:

- Assessment Incentive Partnership with Lincoln Pipestone Rural Water
- Attending MN Ag and Rural Leadership Seminars throughout the year
- Completed the 1st year of MAWQCP audits
- Worked as part of the Soil Health Endorsement Workgroup
- Partnered with Pipestone Soil and Water to offer soil health assessment outreach in hopes to build relationships with potential and previous MAWQCP producers
- MAWQCP signed a MOU with the new MN Soil Health Coalition, I have already seen great benefit from this partnership!
- MAWQCP Story Map was added to the mylandmylegacy.com website
- We Are Water MN traveling exhibit was announced to be in Pipestone in 2020. Working on MAWQCP farmer story pieces for the exhibit.
- Endorsements for Integrated Pest Management, Soil Health, & Wildlife were added to the certification lineup in December

2020 PLANS

- I'm planning to focus on new ways to engage producer's involvement in the program.
 - Local breakfast meetings - peer invitations
 - Continue to attend and speak at partner events/field days
 - Investigating potential new partnership opportunities in all 11 counties (i.e. rural water groups, watershed groups, environmental groups)
- 1st full year of program audits, I will be reviewing all of the 2016 certifications
- Focusing more on engaging and providing resources to my 11 SWCD's to make sure their needs are met as well as put together an outreach plan for each county
