

# Greater Blue Earth River Basin Alliance

**DATE:** JUNE 24, 2020  
**TO:** GBERBA MEMBERS  
**FROM:** KAY GROSS and DAVID BUCKLIN, GBERBA COORDINATORS  
**SUBJECT:** COORDINATOR REPORT GBERBA TECHNICAL MEETING

## **MN Agricultural Water Quality Certification Program**

Update on progress made in areas 5 and 6 – See Certification Specialist Reports. Over 580,000 acres and over 850 certified producers statewide!

GBERBA has the Area 5 and 6 MAWQCP administrative contract approved through 2021. The Minnesota Agricultural Water Quality Certification Program is launching three new endorsements in addition to 10-year certification a farmer or landowner receives in the program. The endorsements are for soil health, integrated pest management, and wildlife.

## **2017 MPCA 319 Grant - Cover Crops and Alternative Tile Intakes**

An Implementation Policy Paper for the grant titled "Greater Blue Earth River Basin TMDL Implementation" has been developed and reviewed at the Technical meeting. This guidance document will be posted on the GBERBA website.

Cover crops: \$50.00 dollars per acre maximum, 50% cost share maximum (\$25.00 ac.), 80-acre size maximum per owner. Prioritization required. Alternative intakes: Rock and pattern tile. \$500.00 maximum and 50% cost share. These are federal dollars and require state or local match. Perforated risers, broom and other water quality intakes: \$200.00 maximum and 50% cost share. These are federal dollars and require state or local match.

The grant amendment has been completed and all remaining cost share for projects including Alternative intakes, Side inlets, and Cover crops will be at 50% cost share. **Grant End Date 8-31-2020**

**For 2020 the cover crop acre limits are removed. At this point the 50% cost share rate will continue.**

**GBERBA staff has requested and received an extension of this grant due to 2019 weather conditions and the Covid-19 outbreak. The new end date of the grant will be August 31, 2021.**

## **2017 CWF Grant- Multipurpose Drainage Management**

Multipurpose Drainage Management - \$301,200: Projects for this Drainage Grant will need to be located in public ditch sheds. **GBERBA member entire counties are eligible.** Priority parameters are developed to identify the eligible ditches. A guidance policy sheet is online.

A grant Work Plan Revision has been approved by the BWSR to allow for CAP 130 Drainage Water Management plans and for Structures for Water Control.

**Grant Amendment Agreement has been approved to extend the expiration date to 12-31-2020.**

## **One Watershed One Plan Planning Grants, Watonwan Watershed**

The Watonwan 1W1P Planning Project has moved into the Plan 60 day comment period. The Watonwan Policy Committee voted to further research GBERBA as the fiscal and reporting agent for the 1W1P Watonwan. The GBERBA Policy board has agreed to revise the Joint Powers Agreement to allow inclusion of 1W1P duties. GBERBA staff are researching the costs and procedure of writing of a new GBERBA Joint Powers document. The new document would allow for the Watonwan, Le Sueur, and Blue Earth Watersheds to participate if the individual watersheds 1W1P boards see a benefit to do so.

## **Minnesota Conservation Corps Position**

The Minnesota/Iowa Conservation Corps program has rescinded the Covid suspension of M/ICC services. Ashley is back in the office and in the field helping with the **MN Agricultural Water Quality Certification Program.**

## **Resignation**

Josh Votruba has taken another position in the Kanabec SWCD office. Thanks for your work, and good luck Josh!
